

AVHA Interim Update

July 2013

No meeting was held in July as both the President and Vice President were unavailable due to unforeseen circumstances. Business was still taken care of and the Board was in touch by email and telephone.

Dana painted over the vandalism on the barn.

On July 15, 2013 Stacie emailed the website designer again regarding her numerous previous attempts to have information updated on our website. She forwarded the email to all Board Members as well as the response. As of August 19, 2013 the website still has not been updated and we are unable to use it.

The pool guest pass program has been a success so far. There were multiple people identified as attempting to enter the recreation area that did not live in the neighborhood.

Scottie received an updated estimate for having the paths redone and will present it at the next meeting. The original estimate was based on an incorrect measurement of the paths.

The First Annual Craft & Vendor fair was a success. It was held June 22 and 7 crafters/vendors participated.
